MELBOURN PARISH COUNCIL

District of South Cambridgeshire

Date of Report: 20/06/2018

1. Temporary Road Closures.

Due to essential Gas works, Cross Lane will be closed to traffic for approx. 3 days in July. It is anticipated works will take place between 17 - 20 July.

Diversions along Dolphin Lane and the High St will be in place. For further details contact the Parish Office.

2. Local Highway Improvement (LHI) Funding.

Applications for the initiative are now being taken. The Deadline for applications is 31 July 2018. For further information regarding eligibility and process, please visit: https://www.cambridgeshire.gov.uk/residents/travel-roads-and-parking/roads-and-parking/roads-and-parking/vour-local-highway/local-highway-improvement-funding/

3. Request from Shepreth Parish Council.

In connection with info regarding LHI funding above, Shepreth Parish Council has written with a request for support. Excerpt from email below:

"Shepreth PC are thinking of applying to change the speed limit from 60 to 40 on Cambridge Road from its junction with the A10 at Frog End to the 30 mph speed limit in Melbourn as part of the LHI from CCC. We tried last year but were unsuccessful.

Is this something Melbourn PC would consider supporting? I would be grateful if you could discuss it on your next PC meeting. The deadline is 31st July 2018. The LHI is on the agenda for our PC meeting on 14th June "

4. Five-Year Housing Supply.

South Cambs District Council have published a briefing note (published Mon 21 May 2018) Stating that 'the Council now considers that it can demonstrate a five-year housing supply'. The full report can be obtained at https://www.scambs.gov.uk/content/annual-monitoring-report

5. Hub Extension Grant.

The Hub Management Group are busy preparing an application to Garfield Weston for Grant support in relation to the proposed extension to the Hub. The Parish Council has written a letter in support of such an initiative in the hope that the Hub will eventually operate as a standalone entity and, in the fullness of time, cease to rely on Parish Council Support Grants.

6. Stockbridge Meadows - Boardwalk

The Boardwalk at Stockbridge Meadows has collapsed, resulting in a need to cordon it off in order to maintain public safety. Quotes for repairs are being sought, but this is likely to be a lengthy process.

Melbourn Parish Council June 2018, County Councillor Report

County-owned land and commercial development

As I have previously mentioned the County Council has created a commercial development company for the purpose of generating income from its land holdings — which are extensive. You can see where the County Council owns land by clicking on 'Maps' in the top righthand corner of the council's home page. https://www.cambridgeshire.gov.uk/ Part of Melbourn Recreation Ground figures under Cambridgeshire County Council Urban Assets. Last month a planning application was lodged by CCC to develop a piece of Bassingbourn's core green space, known as The Rouses.

Impassable paths and byways

I've received an unprecedented number of calls about impassable paths and public rights of way. This includes paths in Melbourn, including the path leading to Meldreth Station is overgrown. As you know, County Highways cuts these paths twice per year — or will pay parish councils a lump sum to take on the work if they wish. Thanks to a member of the public who has used his own strimmer to cut a ROW path near Black Peak.

Two questions: Does the parish wish to enter into the funding arrangement with CCC Highways? Does the parish already participate in the Highways volunteering scheme (sorry, I should know this!)? I ask because volunteer strimmers would need to add their names to it – or if not, it would be worth looking to join.

Compensation claims for pot holes

This month, my casework has included a request to review a lengthy personal compensation claim for £134.40 for a burst tyre on a local road, which the County Council Local Government Shared Services spent some hours investigating, and rejected, partly on the basis that the defect in the road had not been logged on their system. Thank you to everyone who's taken the trouble to log faults.

Trains

The May 20th roll-out of the new Thameslink timetable should have seen improved services for our stations with half-hourly off-peak services all day – instead the service is less than what it was pre-May 20th. We are seeing peak-time cancellations and stop-skipping our small stations, non-working bus replacement services, and returning people home late from the wrong stations by taxi. Our Rail User Group is coordinating with the Royston and Villages RUG in working with GTR to restore services and make improvements to London commuting connections.

A public meeting of the Meldreth, Shepreth and Foxton Rail User Group, to be attended by Network Rail and Govia Thameslink Railway. on 27 June, 7 for 7:3-9:00PM, at the Melbourn Hub.

26 Bus

From 29 July, the number 26 bus that runs from Royston to Melbourn, Shepreth, Foxton, Harston and Cambridge will extend its reach, calling at Trumpington Park and Ride, Addenbrooke's and Cambridge Station via the Guided Busway, Cambridge City Centre, Cambridge Regional College and on out to the northern Guided Busway. New schedule attached.

Health Services and next funding cuts

The County Council Health Committee is being asked to review the Cambs/Peterborough NHS 'Sustainability Transformation Plan' that seeks to get all health and social care providers coordinating

together, to look after people as well as possible, and avoid wasting money. Our local health service faces enormous savings targets, as costs far outstrip available resource. On a £1 billion budget, the Cambs/Peterborough Clinical Commissioning Group has negotiated a £35 million agreed deficit for the coming year, on top of £35 million savings plan.

Locally this has an impact on resource to develop GP surgery capacity, improving the way mental health support works, relieving congestion and capacity limitations at A&E, and helping elderly people who may be waiting in hospital even though they are fit to return home – including to a care home – are affected. The issue of 'Delayed Transfers of Care' reached crisis levels in Cambridgeshire this year and a Care Quality Commission inspection is therefore likely in the autumn.

The recent government announcement of 'extra NHS funding' has been derided as a missed opportunity to support critical improvements to health and social care. The County Council Health Committee soon begins the process of identifying £700 K in public health spending cuts for the coming year.

Lack of community police presence

I've been in contact with two Melbourn people who suffered serious assault this spring, and with the Police, about what victims have felt is a lack of victim support and coordinated follow-up. The 'new policing model' was recently announced by the Police and Crime Commissioner but I have yet to see how this will address visible policing presence in Melbourn. I am still waiting for another call back from our duty officer who is based in Huntingdon.

Innovate and Cultivate Fund

The latest rounds of the Cambridgeshire County Council's Innovate & Cultivate Fund are now open. The aim of the fund is to support initiatives that strengthen communities and reduce pressure on County Council services, thereby giving a return on investment. Council services that are inviting applications include adult social care, children and families services, and the waste service.

The fund is open to voluntary, community and social enterprise sector organisations based in and outside of Cambridgeshire, and public sector organisations in Cambridgeshire. The Innovate and Cultivate Fund has two funding streams: a 'Cultivate' stream for small grants of £2,000-£10,000 and an 'Innovate' stream for larger grants of up to £50,000. Cambridgeshire Community Foundation can answer questions about applying for the Fund: info@cambscf.org.uk.

FINANCE REPORT - TWO MONTHS TO 31ST MAY 2018

The above figures have been produced by the Parish Council's accounting system. The 'Actual' figures include receipts and payments to 31st May 2018.

Melbourn Parish Council's 2018/19 Budget is for a surplus of £22,726 to enable a £9,000 contribution to the General Reserve and £13,726 for the Asset Management Reserve. It is likely that the Parish Council will allocate some of the funds set aside for Asset Management to specific maintenance projects to be carried out during 2018/19.

Figures in the accounting system include income and expenditure for MAYD, Community Benefit, S106 and Celebrating Ages as this goes through Melbourn Parish Council's bank account before being allocated to separate reserves. However, this income and expenditure does not form part of the Parish Council's budget and so has been removed from the figures shown in the grey shaded box above to more accurately reflect progress against budget.

<u>Income</u> - at this stage it looks likely that Burial Fees will exceed budget (already at £1,270). It is difficult to accurately predict income from this source.

Community Benefit - the 2018/19 receipt from solar farms was £40,526. This money will be granted to community projects during the year. The first round of grants were approved at the May 2018 Parish Council meeting and payments made early in June 2018.

<u>Expenditure</u> - overall expenditure against budget appears reasonable at this stage. However, there are a few things to note:

Allotments - essential expenditure on asbestos removal means that this budget heading will become overspent later in the uear.

Play and Rec - repair works required to the play area at the Moor (£1,570) were approved in 2017/18 but the work was not carried out until 2018/19. The cost is included in this years figures.

Parish Clock - this is incorrectly chiming and requires a new part. Call out and repair costs of c£1,000 were not budgeted.

Community Hub - safety improvements identified during a recent Fire Audit are expected to cost around £1,000.

It is likely that some, or all, of the above costs could be allocated from the Asset Management reserve. Salaries, NI & Pensions - the wardens have worked fewer hours than budgeted due to lower work loads at the current time. There will be a budget saving here.

Election costs - the election was uncontested so the balance (after paying a £225 admin charge) can be moved to the Election Reserve to offset the cost of future elections.

Bank Reconciliation Checks

The Parish Council needs to nominate a Cllr to check the Bank Reconciliations for the current financial year. Ideally this should not be a cheque signatory.

Deposit Account

Currently the Parish Council does not use its deposit account. As interest rates are very low at the moment (0.16% pa on this account) it is not justifiable to put all available funds on deposit and keep only working capital in the current account. This would involve staff time in monitoring the cash flow and making regular transfers to the current account.

However, I propose that we do transfer those Reserve balances which are specifically the Parish Councils into the deposit account. This would indicate our intention not to spend these balance during the 2018/19 financial year and will also potentially earn interest in the region of £160. The amounts I propose to transfer are the following Reserve balances at 31st March 2018:

General Reserve	83,281.31
Asset Management Reserve	12,176.00
Election Reserve	1,500.00
	96,957.31

It is not proposed to transfer S106, Community Benefit, Celebrating Ages or MAYD reserves as those balances may need to be accessed during 2018/19.

This will leave sufficient working capital in the current account for the PC's needs and can be monitored during the course of the year.
