

POLICY and PROCEDURE: Verification of Bank Reconciliations

PURPOSE: To Define the Policy and Procedure for Verifying Bank Reconciliations

SCOPE: Bank Accounts operated by Melbourn Parish Council

POLICY: Bank reconciliations are a key financial control. The process compares MPCs financial records with those of their banks to ensure that there is agreement between the sums of money in the different accounts. It is responsibility of the RFO to produce reconciliation for each bank account at the end of every month. The Councillor who has been nominated by MPC to verify the bank reconciliations should follow the procedure below.

RESPONSIBILITIES: It is the responsibility of the Responsible Financial Officer (RFO) to ensure that bank account reconciliations are properly verified. Verification will be monthly. Councillors will be nominated and approved at full Parish Council meetings to serve a term as the person delegated to verify bank account reconciliations. A normal period of such service is one year, although this time period can be flexible at the discretion of the RFO. It is the responsibility of the nominated Councillor to report anomalies or concerns to Parish Council if these cannot be resolved by discussion with the RFO.
