

# MELBOURN PARISH COUNCIL

District of South Cambridgeshire

**Meeting: 28 September 2020 (Full Council)**

**Date of Report: 23 September 2020**

**Agenda Item: PC046/20 b)      Suggestion to make Drury Lane one way**

The following suggestion has been put forward to make Drury Lane one-way toward the High Street.

*'Drury Lane is really narrow and cannot support two way traffic. Norgetts and water lanes are one way away from the high street, so it would make sense for Drury to be the other way? When using it to the high street from orchard road (to head to meldreth), there's been a lot of traffic coming the other way when there are norgetts or russet available instead.'*
