### Melbourn Parish Council 20 Oct 2020 - District and County Councillor Report

#### **Covid-19 and recalibration of District and County Hubs**

As is well known through the media and public information websites, there has been a concerning rise in cases in Cambridge and South Cambridgeshire. The District and County Councils are poised to support community Covid support groups should the need arise; meanwhile everyone is being asked to help disseminate public health advice on hand hygiene, social distancing and staying home as much as possible, plus guarding against complacency.

Once again, Cambridgeshire and Peterborough Public Health Intelligence detailed updates on Covid-19 cases and settings are here:

### **South Cambridgeshire Hall – SCDC offices**

Having just re-opened South Cambs Hall it has now been closed again as part of our efforts to do all we can to minimise the spread of Coronavirus locally. We feel this is the right and responsible thing to do following the latest Government announcements. Residents and businesses have been able to carry out the vast majority of transactions without visiting and for the small number of tasks that have required people to visit in-person, such as pension verification, we have made arrangements to continue delivering them in a safe way. Please check the website for further details.

### Melbourn and Bassingbourn Oil Club - household heating oil

### Turning the tubs around for winter on the station platforms

In spite of the pandemic, local volunteers have been continuing to work behind the scenes to ensure our station garden remains cheerful and well-tended, for which many thanks. Do please get in touch if you'd like to help out in any way — all according to Covid protocols of course.

### **Amazon locker at Meldreth Station**

Amazon lockers are being rolled out at a number of railway stations, and one has been offered for Meldreth. This would serve as a collection point for Amazon packages. The Community Rail Partnership had only 24 hours notice and felt on balance that it would be a useful additional public amenity to the station environment. It will be installed on the hard standing where currently there are four poorly positioned cycle racks; we've asked for the racks to be re-sited elsewhere in the station car park area – details to be worked out. As you may have seen, a brand new 16-unit covered cycle park facility was installed in the car park just before lockdown.

The figures above have been produced by the Parish Council's accounting system. The 'Actual' figures include receipts and payments to 30<sup>th</sup> September 2020. Adjustments for accruals and prepayments will be made at the financial year end. Where an item is funded by a reserve and does not form part of the precept budget, it is shown in the Reserve Movements column.

At the half year stage there are no major concerns about the budget although there are some areas where there has been unbudgeted expenditure and income (see explanations below). The impact of the Covid-19 pandemic on the Council's finances is being kept under review. There are still uncertainties surrounding this. Income from match fees and Pavilion/recreation ground hire were initially expected to fall this year as a result of social distancing measures. However, MPC has recently taken a large new booking for the Pavilion which will offset this. Investment income will be lower than budgeted due to the fall in interest rates to a historic low. Expenditure on the Melbourn Coronavirus Community Response team (MCCR), which was set up in response to the pandemic and was partly funded by MPC, was unbudgeted but was partially offset by two grant awards. MCCR activity was wound down during July. The Hub was closed until late July due to Covid-19 but has now re-opened. It received some government financial support whilst closed but ongoing trading conditions remain uncertain and, although further external grant funding has been obtained, it is possible that assistance from MPC may be required at some point. Costs of safety screens to allow the Hub to re-open were met by MPC.

### **Variations from Budget**

### Income:

MCCR – MPC was successful in obtaining £7,125 grant funding from the Cambridgeshire Coronavirus Community Fund to support the MCCR team. Of this, £2,800 was used towards salary costs for MCCR staff and the rest has been transferred to the MCCR team to cover other running costs. MCCR has also repaid £1,750 of the funds transferred by MPC to underwrite debit card purchases for vulnerable residents.

### **Expenditure:**

Conservation – MPC approved emergency expenditure on some trees in the parish which needed urgent attention. Total cost for these works was just over £3,000 and further tree works (£870) have since been approved by the Maintenance Committee. The Maintenance Committee has also approved tree work and repair of some fencing at The Moor (£840). This budget heading is likely to go over budget later in the year.

Insurances – the Parish Council is in the final year of a three year deal with the current provider. The premium was slightly underbudgeted this year (£162).

Sundry Expenses – the £6,000 reserve-funded expense is a zero carbon grant which was received under a joint initiative with Melbourn Village College and has now been transferred to MVC.

MCCR costs – MPC approved a grant of £750 to MCCR and also transferred a further £1,750 to underwrite debit card costs for the project. The underwriting fund has now been repaid (see income). In addition, MPC approved extra staff costs to head up the MCCR team until the end of July if required. The approved costs were up to £6,300 (of which £2,800 was covered by grant funding) but actual costs were lower than that. Total MCCR costs should be considered net of MCCR income shown in the income section (net costs are £2,805).

Street lighting – CCC are no longer administering the street lighting contract and this has now been taken over by MPC. A large final bill of £888 from CCC means that this budget heading is expected to be overspent this financial year.
