

## CONSULTATION QUESTIONNAIRE

22 September 2020 to 2 December 2020

Sunnica Ltd is consulting on its proposals for Sunnica Energy Farm, a new solar energy farm and battery storage facility connecting to the Burwell National Grid Substation in Cambridgeshire. As the energy generating capacity of the proposed Sunnica Energy Farm would be more than 50MW, the project is classified as a Nationally Significant Infrastructure Project.

This consultation is your opportunity to express your views on our proposals before we submit an application for a Development Consent Order (DCO) to the Secretary of State for Business, Energy and Industrial Strategy. We currently expect to submit our application in spring 2021. We want as many people as possible to share their views on our proposals as part of this consultation.
