District of South Cambridgeshire

Maintenance Committee Meeting

18 March 2021

Item: MA115/20b)

Chain saw costs

---

We have £742 available in this year's budget for purchase of a chainsaw.

To purchase a chainsaw and provide PPE and training for **one** warden would cost £735. For two the cost would be £1,310.

14" Stihl chainsaw – cost £160 + VAT

PPE and training:

- Wrights can provide PPE equipment (helmet, vizor, Kevlar trousers, gloves etc) at a cost of approximately £150.
- They recommended a course at Shuttleworth College in Bedfordshire (LPTC level 2 course – 2 days @ £425). I'm trying to find out if this course is currently being run.
