

MELBOURN PARISH COUNCIL

Full Council

Date: 2 August 2021

Item: PC058/21f)

Hello Susan,

I will get back to you separately about Meldreth later on in the week, however comments as follows from our meeting earlier on today.

Potential New Road Improvements –

- 40 mph buffer Zone in advance of 30mph for 400 linear m's.
- Countdown 3/2/1 strips on the road to the 30mph limit.
- 1 new speed cushion alongside the existing chicane at the village entry point, (this is road width dependent but will slow vehicles on outbound side).
- 1 or 2 new pairs of 2m wide speed cushions on New Road, locations to be confirmed, but they will need to be clear of junctions and driveways, the cushions can be the wider variety as this doesn't form part of a bus route.
- New Advisory Unsuitable for HGV signs for the entrance to Beechwood Av.

Cost wise this is likely to be made up of the following -

- Officer Time for Design etc. - £1800.
- TTRO - £1100 (road closure required for the speed cushions).
- TRO - £1500 (for the new 40mph buffer zone and the legal order for the new speed cushions).
- Road Safety Audit - £2000.
- New HGV signs - £1500.
- New Buffer Zone signs / markings - £3000.
- New Raised Features - £7000.
- Countdown Strips - £2500.

Any questions please let me know,

Kind regards

Josh
