

Hi Claire,  
this is Dominik Jirák writing from PARKITECT AG. Thanks for getting in touch with us via our website!  
Did the catalog download work correctly?

Regarding your question about price, our "Speedring" starts at around €27'140 and the rest progress linearly up in price from there.

By the way, where would you like to see such a pumptrack in your city?

If you'd need anything or have any question, please let me know, I'm here for you.  
Thank you for your time, Claire

All the best,  
Dominik
