Dear Claire

Please see various quotes as discussed below

1/ Regular cuts to the bowls club hedge, this is the front hedge running parallel with the moor **£180.00 per cut**

2/ Large Holly tree in 13b allotment, it is in a bit of a random place, I have given you two options

Trim & reduce £130.00 plus Vat

Remove to ground level £190.00 x Vat

3/ Hole on the entrance to the rec, I recommend we dig this out, full width of the gate, to a depth of 200mm, install timber edging around the edges & lay road planings. This will be a much better surface to have here. All vehicles going through the gate use pretty much the same tracks constantly. This encourages grass to just rut up.

Creating a hardstanding pad would be a much better & more permanent option
£920.00 x Vat

Should you have any questions please do not hesitate to contact me

Kind Regards

Justin Willmott
