

MELBOURN PARISH COUNCIL
Maintenance Committee Meeting : 18 May 2022

Worcester Way open space (request from a resident)

There is a patch of land - mown grass with a picnic bench by Bramley Avenue and Worcester way (see image for location).

We wonder if this could be made into a play area and nature area perhaps planting some apple trees for the jubilee complimenting the orchard on the moor and the road names in the area.

How would we go about looking into the possibility of this? Is the land owned by the council, who is responsible for maintaining parks, who is responsible for funding recreation grounds etc
