

MELBOURN PARISH COUNCIL

Maintenance Committee Meeting : 18 May 2022

Worcester Way Clearance - Quote from Steve Coker

Having had a look with the warden he agreed that it's difficult to see how long it would take. Fortunately only one side needs to be cleared which is the side nearest the houses. It's probably a day to a day and a half at most.

In fairness to the council I would do it on a day rate so if we can get in done in a day that's all that will be charged.

Quote to clear will be £300 per day for the two of us including van.

Plus the disposal charges Approximately £110 per load. Likely we can do it in two loads.

TOTAL ESTIMATED COST - £520

SECOND QUOTE NEEDED?
