

Pavilion : Replacement water boilers

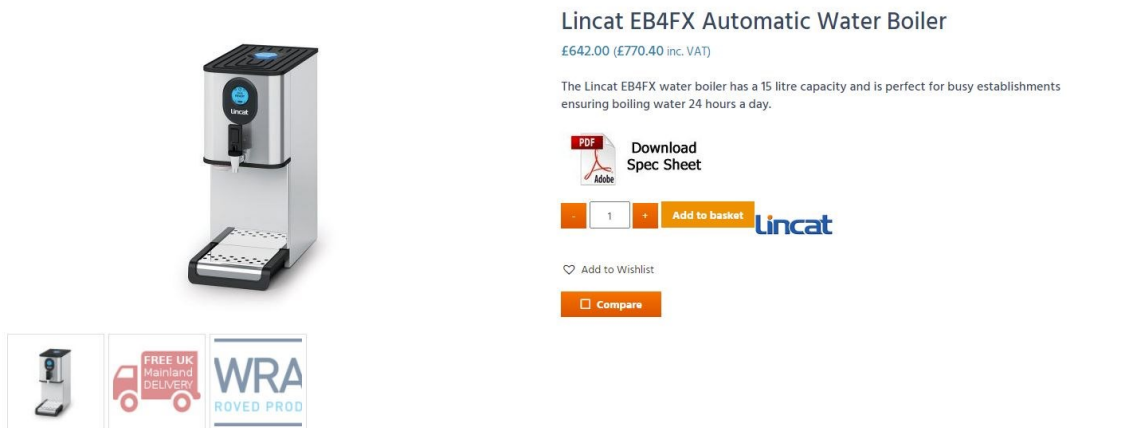

The water boiler at the pavilion was fitted when the building was upgraded in 2012. The system was recently cleaned and descaled by 4i. 4i advise that the water boiler appeared not to have been descaled regularly and is therefore not working properly.

Lincat water boilers

According to advice from Lincat, the direct replacement to the model currently in the pavilion would be an EB4FX model. From Lincat this would be £1051.00 for a 15 litre version.

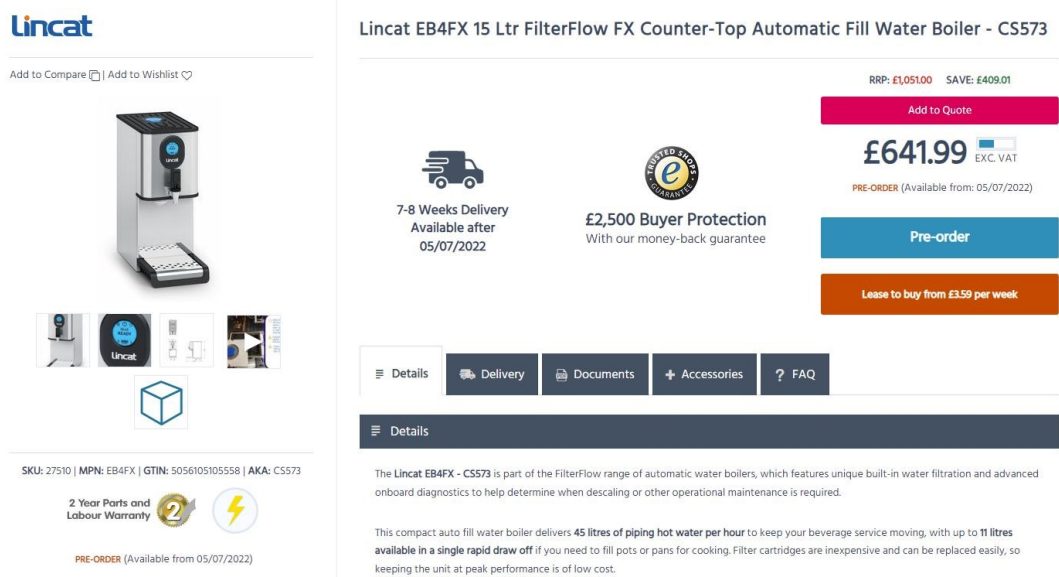

See below prices from other companies:

- 1) Anglia catering equipment: <https://www.angliacateringequipment.com/product/lincat-eb4fx-automatic-water-boiler-tap-dispense/>
15 litres , 2 years parts and labour warranty
