Quantity:

£9.49 + VAT delivery (orders under £250)*
*Please refer to terms and conditions

In Stock Ready for Immediate Despatch

I contacted the Waste Services Officer at SCDC. An operative came in to the office to discuss. If we wish to replace the bins, it would be at our cost. The bin at the bottom of Maple Way would be relatively straight forward. The bin outside the old post office is concreted in to the pavement. The operative suggested that rather than replace it, we could install a second bin.

If we have to bring in a contractor to do the installation, we would of course also need to allow for installation costs. We may also need Highways permission to install the bin on the High Street – am I making enquiries.
