

POLICY AND PROCEDURE: To evaluate the effectiveness of the system of internal controls

Purpose

Melbourn Parish Council is required to make proper arrangements for safeguarding the public money and resources in its charge. It is responsible for ensuring that its affairs are managed in accordance with appropriate standards of financial conduct and that arrangements exist to prevent and detect fraud and corruption (internal controls). The purpose of internal controls is to manage risk by reducing it to a manageable level. MPC undertakes to review those arrangements at least once every financial year, or after any significant change in circumstances, to ensure that they are working in an adequate and effective way. By undertaking this review, MPC has assurance when answering assertion 2 on the Annual Governance Statement – “we maintained an adequate system of internal control including measures designed to prevent and detect fraud and corruption and reviewed its effectiveness.”

The review exercise will be carried out by the FGGC with reference to the RFO, Parish Clerk and the internal and external audit reports. The outcome will be reported to MPC and any weaknesses and areas for improvement acted upon.
