Subject: Local parish councils working group
Attachments: A10 Joint Parish Councils Working Party Terms of Reference.doc
Flag Status: Flagged

Dear all

We previously set up a working party called the "A10 Joint Parish Councils Working Party" which comprised representatives of the following Parish Councils: Barrington, Fowlmere, Foxton, Harston, Haslingfield, Hauxton, Melbourn, Meldreth, Newton, Shepreth, Thriplow.

The working party was set up to address issues that were shared across the parishes, particularly transport issues. Meetings were last held in September 2019 and January 2020.

Foxton Parish Council wondered if your Parish Councils would like to revive this group to consider issues that affect all local parish councils (these could be issues with infrastructure/ transport/ grid and water supply/ policing/ anti social behaviour).

I attach a copy of the terms of reference of the previously set up working group.

Please let me know if your Parish Councils have any interest in this.

Thank you
Best wishes
