MELBOURN PARISH COUNCIL

Melbourn Parish Council provides local government services to the village of Melbourn, South Cambridgeshire, which covers approximately 314 hectares, and forms the southernmost part of the county of Cambridgeshire.

Melbourn Parish Council (hereafter MPC) is responsible for the direct provision and management of village facilities, including services to the community, many of which are provided through contractors.

OUTLINE CONTRACT SCOPE AND CONTEXT

Melbourn has a widespread stock of hedges, green planting and shrub areas that form part of roadsides and recreational spaces, a result of continuous road and housing development over many years.

Many of these have been assigned as the responsibility of Melbourn Parish Council to maintain. These areas require regular trimming and clearing, works may need to be carried out in sympathy with the natural world, for example the nesting season for birds.

Due to the nature of these areas it is not possible to create a fixed timetable of maintenance. Through this invitation to quote, it is intended to assign a 'preferred contractor' to these tasks. Work would be agreed according to need and season and then carried out at the individual visit rates proposed though this document. By this means, work can be agreed quickly by the Clerk and avoids the need to obtain competitive quotes for each job as it arises.

This Invitation to Quote excludes major tree management works, as these will be assigned to specialist contractors as a separate arrangement.

- 1.11 Village Wardens and MPC Councillors will undertake regular and random inspections of the areas listed in Schedule 3. If necessary, photographic records will be used to illustrate any problems arising to MPC Working Parties or Committees.
- 1.12 Failure of the contractor to comply with the contracted schedule (unless agreed with MPC in advance) shall be seen as contrary to the contract agreement and may/will result in the loss of the contract at any period during the contract. See 1.13.
- 1.13 MPC reserves the right to terminate the contract if it finds fault or non-compliance with the schedule of work or any other area of dissatisfaction.

By this is meant:

- a. Quality and standard of work

 - 1.15 Monies paid to the contractor will only be paid on submission of a signed monthly invoice. MPC has a 60-day settling of invoices policy, however every effort will be made to accommodate a 30-day time frame.
 - 1.16 All quotations submitted will provide at submission the following information, failure to do so may result in the tender being rejected:
 - Proof of Full Public Liability Insurance cover.
 - Contractors should show evidence that the protection of staff is considered in their bid approach to safety and show where they or staff members have formal first aid training.
 - A complete summary of powered plant/equipment that is to be used on MPC property/sites. (Suitable operating licenses to operate this machinery will be required, where necessary). This information can be included in method statements.
 - Qualifications of contractor.

 - A competent knowledge of the pruning and management of plants, hedging and trees.

- The right to investigate the financial status and viability of the Bidder.
- The clarity and completeness of operational proposals and intended methods of working, perception of risks to safety and how these can be mitigated.
- Any aspects of the delivery that improve or positively impact on economic and environmental sustainability.
- Staffing proposals.

1.18 Expectations:

- MPC expects the contractor to be diligent, trustworthy and, most importantly, proactive in the execution of the contract.
- The contractor will ensure that all pathways are blown clean of grass cuttings.
- The contractor will carry out all tasks ensuring minimum damage to grassed areas and paths.
- The contractor will ensure that all grassed edges are left properly cut, by means of separate strimming where this is necessary.
- Where relevant, contractors should carry out work in a way that respects the nesting season for birds.
- The contractor must not obstruct entries or exits to resident's property, the public highway, driveways or access to sewers, fire hydrants etc.
- If for any reason the contractor finds they are unable to fulfill the contract in any way at any part through the contract term, MPC reserves the right to terminate the contract forthwith and seek a new contractor at no additional costs to MPC. (Monies will only be paid to the contractor for work done and not for the remaining contract period).
- MPC will not be liable for any monetary loss by the contractor under any circumstances.
- An inspection of the areas to be cut and/or maintained will take place before the contract is issued to which the successful contractor will be invited. This inspection is to ensure that the contractor fully understands the contract scope and both contractor and MPC agree that any existing damage to stock, plants or village fabric is understood and documented clearly and not the fault of either the contractor or MPC. Non-attendance to meet or failure to agree the inventory process will see the contract null and void. MPC will then look for a new contractor. By default the contractor at fault will be excluded from bidding.
- MPC reserves the right to levy payment for reimbursement against the contractor, if it is found that the contractor or any employee of the contractor is found to have caused damage or loss to any of the tree stocks, planting etc. or the Village 'fabric', this includes tree guards, tree supports, fencing, gates, low level planting. This reimbursement will be payable immediately or the damage made good (to the satisfaction of MPC) whichever is the most convenient to MPC. MPC reserves the right to withhold any monies due to the contractor in lieu of damage not reimbursed.
- Any of the circumstances above that are left unresolved may result in the loss of the contract.
- MPC reserves the right to revise/alter the terms and conditions of the contract at any time if deemed necessary, having consulted with the contractor where necessary.
- Additional areas of work identified during the life of the contract will be separately negotiated.

In order only to compare quotes from different bidders, you are required to provide quotation information using the following rules:

1. Multiply the individual visit costs under each job area specification in Section 3 by the number of estimated annual visits, also defined in each job specification. This will give the estimated annualised costs for each job area.
2. Total all the annualised costs from each job area to provide the total estimated contract cost for the year. Your Quote will be for the estimated total annual cost, based on individual visit costs and frequency.

Please enter this total in the box below.

There are two options for bidding.

Option 'A' If successful, you will be required to submit monthly invoices that reflect the number of actual visits made, as this will vary depending on the influences of weather and seasonal changes. For example, grass-cutting visits will be fewer in winter months and may be more frequent than anticipated in summer. Monthly invoices will be based on the individual visit costs shown in your quote, not a simple monthly division of the estimated totals shown in your estimated global quotation below.

Option 'B' If successful, you will submit monthly invoices that reflect one twelfth of the total bid price entered into the box below. This will commit you to carrying out the maintenance to the frequency standards as set out in the bid document but also to carry out extra cuts at no extra cost to the Parish Council should weather conditions make this necessary.

Please tick either box 'A' or 'B' below to indicate the bid basis.

- (c) We accept the terms as set out above, namely that the Quotation value is derived from individual job-area visit costings and estimated visit frequencies defined in Section 3 of this document.
- (d) We understand that, should the finally agreed contract price exceed the budget value available to MPC, then the number of site maintenance visits will need to be reduced accordingly.
- (e) If successful, the bidder will invoice for work done by area visit as per the individual costings in this quotation. The number of such visits may be more or fewer than the estimate, depending on need, and by agreement with the Clerk.
- (f) There may be a further selection stage of this Quotation involving an interview or meeting.
