

MAYD16/24)

### Report on actions from 25 July 2023

MAYD08/23 Groundwork had been successful in obtaining a grant from the Community Reach Fund to purchase equipment for a gaming café. However this project has been dropped. Following a meeting with Amanda Sylvester, it has been suggested that a resubmission be made requesting that the funds be used to purchase equipment for the DJ workshop. **ACTION: Parish Office to complete the re-submission form.**

*Office unsure if this has been completed due to staff changes during this time. Follow up if appropriate.*

MAYD09/23 **ACTION: Parish Office to:**  
- confirm to Connection Bus the formal financial commitment from MAYD  
- confirm also that we would wish the Youth Leaders from the Bus to collect basic information on attendee numbers with school year and home village  
- confirm our wish to offer free food as an upfront encouragement.

*Connections Bus has been running since 2023 and continues to draw local youth interest. See reports provided by Connections Bus.*

MAYD09/23b) **ACTION: Parish Office to contact the school to explore MVC internal communication routes for advertising**

*Connections Bus has been advertised through Facebook, Melbourn Parish Council website, Melbourn Magazine, Noticeboards and through both the College and Primary School. Communication with the College is tricky but some of the messages are getting through to students and parents.*

MAYD10/23a) **ACTION: Parish Office to contact MIX Music to identify how many young people are signed up and will participate in the September sessions. If more participants are needed, the councils involved in MAYD can share information and contact the school. Also, to agree the timing and pre start up advertising.**

*Details can be found in the Mix Music report.*

MAYD10/23b) **ACTION: AW and Cllr Travis to visit the pavilion and check/clear storage cupboard.**

*Connections Bus were invited to use any of the equipment they could use and the rest was stored in the container at the back of the Pavilion.*

MAYD10/23c) **ACTION: Parish Council Office to advise Mix Music on receipt so that the equipment items can be taken for testing and set up.**

*All equipment received and provided to Mix Music.*

MAYD11/23b) **ACTION: Parish Office to update MPC's website and share link with MVC for inclusion on their website.**

*This section of the website does not seem to exist anymore – Office stay in contact with MVC to promote activities with limited take-up from the college.*
