Subject: Important information about your Monthly Charge

Your Monthly Charge is changing

[View online](#)

Important Information

Three Business account number: XXXXXXXXXX

Hello Claire,

Your Monthly Charge is changing

We're writing to remind you that, as set out in our terms and conditions, your Monthly Charge will increase by 4.5% from 1 April 2024. This reflects rising energy and supplier prices, and higher staffing costs.

Our prices remain extremely competitive in line with our commitment to keeping costs down for you.

Calculate your new Monthly Charge

Visit [Three Business](#) to find out everything you need to know about the price change, and to calculate your new Monthly Charge. We've set up an [online calculator](#) to do this for you. It's easy to use – enter how much you pay for your plan now, and we'll work out your approximate new Monthly Charge.

For example, if you pay £14 a month now, from April, your Monthly Charge will be £14.63.

Many thanks,

The Three Business Team
