

PC016/24e)

It is to be noted that, even after confirming the award amount of £74,363.37 with Quintas Energy there was an error in their calculations (they had included the funds to be awarded to Meldreth Parish Council) and the actual amount awarded for Community Benefit Grants 2024 is £55,772.53.

There are ample funds to support the grants already awarded with £24,667.83 remaining for awards scheduled for December.

Please see new calculations below:
