Hello Abi,

Of course. We charge for brief production and review of documentation. We would normally charge £300+VAT for this size of scheme but if I just charge for the searches and brief at this stage to allow you to get quotes and we can recover costs for the remaining bits if the scheme progresses? That would be £200+VAT at this stage to allow you to use the brief to get quotes. And we will charge the remaining amount to cover document review and monitoring if and when the project progresses?

Kind regards
