Subject: Churchyard plans.

Flag Status: Flagged

Good Morning

I hope that this email finds you well.

We are looking at creating part of the churchyard as a wild/biodiverse area.

The area would be allowed to effectively grow wild whilst having wild flowers and some other features added to create a spacer which not only would focus on the wild flowers and plants etc, but also creating a small space where people will be able to sit on park bench and spend time in a quiet space.

We will be submitting more plans to yourselves in due course but I wanted to let you know at this early opportunity to be able to feature as part of the plans for the contract for the area which I understand may be up for renewal soon.

With Best Wishes

Andrew.

Revd Andrew Birks. BA (Hons), LLM.
Vicar of All Saints, Melbourn & Holy Trinity, Meldreth.

Vicarage, Vicarage Close, Melbourn, Royston. SG8 6DY
