Good morning Abi,

Last year I stopped visiting the pavilion during the summer while the football season took its break. I don't know what the schedule is during the summer but do you want me to still visit once a week? Obviously I'm deep cleaning next week and having a clean either side of the Fete, but happy to pop in for an hour each week to stop limescale buildup and dust cobwebs etc until the football season resumes.

Let me know what you think

Thanks again
