Subject: Kebab van need to connect to power

Flag Status: Flagged

Hi Hi Dear Parish councillor i just started my new van but still electricity problem not enough power i use now you offering me anker power station 200w but not enough i have difficult time i close all my light . Other kebab burger vans use generator but most of them far away to main electricity i am very close to main electricity and i am open 7 days week same place for long time should i eligible for my kebab van connect to power? THANKS
