Melbourn Parish Council Finance Report 30th June 2024

The figures above have been produced by the Parish Council's accounting system. The 'Actual' figures include due and unpaid transactions with invoice dates from 1st April to 30th June 2024. Where an item is funded by a reserve and does not form part of the precept budget, it is shown in the Reserve Movements column.

Variations from Budget

Income:

£50,000.00 was received from Hopkins Home to support maintenance of land for 10 years, this has been moved to reserves. We are due to report £2k of income from Burials in July. Interest remains favourable although there is talk on the rates being reduced in the second half of 2024.

Expenditure:

All expenditure seems to be in line with budget. Where applicable underspends in 2023/24 that relates to expenses completed in this financial year has been dealt with by the expenditure reserve.
