I hereby request permission to place a memorial in a 'less formal area' of the cemetery for my recently deceased relative, D [REDACTED] H [REDACTED]. My family would dearly love to honour D [REDACTED]'s memory with a bench, simple plaque or memorial of the Parish's suggestion, to be placed somewhere of the Parish's suggestion, so that we can visit and remember D [REDACTED] for years to come.

D [REDACTED] lived/moved to Water Lane, Melbourn in 2022 to live next door to us and it is a very short walk up Water Lane to an access path and the rear entrance of the cemetery. We have lived at [REDACTED] Water Lane for approx 16 years and walk past the cemetery gate almost every day.

To answer your question, no, D [REDACTED] is not interred at the cemetery. He was recently cremated at Cam Valley. We have scattered some of his ashes under an apple tree in our garden but, as a separate line of enquiry from the memorial request, I wonder whether we might have permission from the Parish to scatter some of the ashes at the cemetery please?

I look forward to hearing from you.

Sincerely,

[REDACTED]
