Dear Abbie

As discussed we are quoting to cut back hard the very badly overgrown hedge at the top of Water Lane, as I sat there you can see people in larger vehicles actually coming out onto the other side to avoid the overhang. Its quite a job, most of it can be done with machinery but some will need hand work also.

There would be no need for any traffic control other than putting out some signs/cones to carry out the works.

We would clear all debris up afterwards leaving the area clean & tidy.
