Subject: Scout Hut - Breaking Ground

Hi Abi,

I hope that you are enjoying the heat....

We have an opportunity to begin the ground works on the hut in a few weeks as a ground worker has become available. Given the time the solicitors are taking to draft the lease agreement, and the incredibly small chance that there will be any issues with this formality, it is our intent to grasp this opportunity to get started! I trust that this is ok with you/the Council.

Yours sincerely,
