Installation of fence to front boundary. | **Site address:** 48 Orchard Road Melbourn Cambridgeshire SG8 6BP | **Deadline for comment:** 7 May 2026

Order of item altered by Chair.

MOP shared concern over incorrect measurements in the plans for the entrance to the driveway and requested a site visit from the planning officer. Concern was also raised about the previous Certificate of Lawfulness that was granted in relation to fences for this property in December, which contravenes the deeds of all the properties in the immediate vicinity.

Cllrs commented on the negative visual impact, with a significant impact on the street scene. Cllrs also acknowledged the fence issue that contravenes the deeds, but explained that this is a civil matter. Comments were also raised about the external window in the plans, and expressed privacy concerns and the need for the window to be opaque and fixed (non-opening). Cllrs would like to request a site visit to review the driveway entrance in person, as the measurements in the plan do not accurately reflect the available space.

It was RESOLVED to object to this application on grounds of significant negative visual impact to the street scene and incorrect measurements of the driveway opening. With a request for a site visit and for the window to be opaque and fixed (non-opening) for privacy purposes.

Proposed by Cllr Clark, seconded by Cllr Alexander. All in favour.

Dear Sir or Madam,

RE: Clear Crescent, Melbourn

I am writing to advise you that our contractor Cambridgeshire Highways will be carrying out localised carriageway patching on Wednesday 14th January 2026 in advance of a carriageway Surface Treatment in 2026.

Works are anticipated to last 1 day, and during this period the road will be closed from 08:00 to 16:00 hours and vehicular access will be restricted.

For the contractor to complete the work with minimum disruption, it is essential that no vehicles are parked on the road. If you have access requirements, please speak to a member of the crew onsite who will be able to assist you.

Access to properties within the road closure will be possible, but are subject to working conditions, and delays should be expected.

Please look out for the advanced notices on site, these will give the most up to date information regarding dates and times; alternatively, you can contact us using the details at the top of this letter.

There will be some noise and disruption associated with the work, and I apologise for any inconvenience this may cause.

If you have any questions regarding the works, please do not hesitate to contact me. Thank you in advance for your co-operation on this matter.

Yours faithfully,

Following detailed pre-application discussions with the Local Planning Authority and Highways Authority, Wicks Developments is bringing forward proposals for three detached family homes designed to complement the character of Rose Lane and the surrounding conservation setting.

The homes would feature traditional proportions and carefully selected materials including soft red/orange stock brickwork, handmade clay detailing and grey slate roof tiles.

Dear Ms Williams,

Re: Land between 5-7 Rose Lane, Melbourn

Wicks Developments is a family-run housebuilding company specialising in small bespoke residential developments in attractive locations, such as Melbourn.

The land between number 5 and 6 Rose Lane has been vacant for many years and sits within the established settlement boundary of Melbourn Village.

Before making the decision to purchase the site, extensive pre-application discussions took place with both the planning authority and the highways department. Our proposed development of three detached houses reflects those discussions. The principle of development on this land is in line with local and national planning policy and good highway safety.

The proposed new access point would be by way of a simple dropped kerb crossover as opposed to kerb radii and white lines, thereby preserving the quiet rural character of Rose Lane.

The scheme provides:

- A safe and functional access arrangement that meets highway standards for safety.

Wicks Developments Limited
Registered Office Address: 3 Brook Business Centre, Cowley Mill Road, Uxbridge, Middlesex, United Kingdom UB8 2FX
Company Registered No. 02257774
VAT No. 877296758

- On site car parking provisions for each dwelling that complies with Local Planning Authority parking standards.
- Cycle parking facilities for each dwelling.
- Adequate turning space for private cars and delivery vehicles.
- The proposed crossover access will allow two cars to pass safely and will be an improvement on the existing arrangements.

The development would comprise of three, two-storey dwellings with traditional proportions constructed from soft red/orange stock brick-work, with grey slate roof tiles and handmade clay tiles.

We believe our development of only three family homes has been well considered and will preserve and enhance the character of Rose Lane.

We would introduce a comprehensive planting scheme to the development frontage, which would create a green setting in the vicinity of the listed buildings and the conservation area.

The proposed site layout is shown within the enclosed leaflet, as is an artist's impression of the "street scene" showing the view of the frontage.

We do hope you will be able to support our proposals for this sympathetic development of this sensitive site.

Should you have any comments or queries please do not hesitate to contact us.

You should in any event be receiving formal notification of our planning application from the Local Authority in due course.

Yours faithfully,

Hi Abi,

I hope that you are enjoying the heat....

We have an opportunity to begin the ground works on the hut in a few weeks as a ground worker has become available. Given the time the solicitors are taking to draft the lease agreement, and the incredibly small chance that there will be any issues with this formality, it is our intent to grasp this opportunity to get started! I trust that this is ok with you/the Council.
