Updating Cambridgeshire's 'Rights of Way Improvement Plan'

Dear Parish Council, County Councillor, or Rights of Way stakeholder,

I write from Cambridgeshire County Council's *Place and Sustainability* directorate. The County Council is currently reviewing its Rights of Way Improvement Plan (ROWIP), and we would like to understand you/your organisation's priorities for the future of countryside access in Cambridgeshire.

The County Council is committed to creating a greener, fairer, more caring Cambridgeshire. This aim is supported by ambitions to make travel across the County safer and sustainable, to help people live healthier lives, and to help communities and nature thrive. Our approach to managing and improving the public right of way network, and promoting countryside access, plays a part in bringing about the achievement of these goals.

The ROWIP forms part of the County's transport strategies and outlines what the Council intends to do to protect and enhance our public rights of way network and countryside access over the next ten years. This includes actions for a range of issues, from how we respond to development, to how we manage our rights of way data. You can view the current ROWIP here: [Rights of Way Improvement Plan | Cambridgeshire County Council](#)

You/your organisation have been shortlisted as a core stakeholder in our rights of way network and the Cambridgeshire countryside. We would value your comments on key questions about our rights of way network, and the priorities you would like to see in a revised ROWIP. You can provide comments via our questionnaire here: [Rights of Way Improvement Plan 2026](#)

The deadline for responses is **Sunday 11th October**. We would be extremely grateful to have your feedback.

If you have any questions about completing the questionnaire, please write to Rowip2026@cambridgeshire.gov.uk

Thank you for your participation in this exercise.

Kind regards,

Daniel Ashman

Cambridgeshire Rights of Way Improvement Plan (ROWIP) Stakeholder Engagement Survey

Overview

Background

Cambridgeshire County Council is your local highway authority, and is responsible for managing over 3,200km of public rights of way. A public right of way is a legally protected route across land that the general public have a right to freely use. There are four classes of public right of way:

- Public Footpaths (open to use by people on foot or using mobility aids)
- Bridleways (open to use by people on foot, those using mobility aids, cyclists and horse riders)
- Byways Open to All Traffic (open to use by all types of user, including motor vehicles, but are generally unsurfaced)
- Restricted Byways (open to use by people on foot, those using mobility aids, cyclists, horse riders and horse-drawn vehicles)

You can view a map of public rights of way in the County using our My Cambridgeshire portal, [here](https://www.cambridgeshire.gov.uk/residents/libraries-leisure-culture/countryside-access/rights-of-way) <<https://www.cambridgeshire.gov.uk/residents/libraries-leisure-culture/countryside-access/rights-of-way>>

The **Rights of Way Improvement Plan (ROWIP)** is a statutory document that every local highway authority has to produce. It sets out how the authority will manage and enhance its public rights of way and countryside access. The ROWIP must also consider cycle tracks in accordance with the Countryside and Rights of Way Act 2000.

Every ten years a local highway authority is required to review its ROWIP to assess:

- the extent to which the local network meets the present and future needs of the public;
- the opportunities the network presents for exercise and outdoor recreation;
- the accessibility of the network to people with mobility or sensory impairments.

This questionnaire is to help Cambridgeshire County Council understand the concerns and priorities of key stakeholders in our local public rights of way network, to support us in undertaking the above assessment.

This will allow us to develop an updated ROWIP that identifies the needs of our communities in relation to public access, so we can plan and publish our intended actions to meet those needs over the next ten years.

There will be a full public consultation further on in the process, during which the general public will have the chance to comment on a drafted Plan.

Completing the survey

Wherever possible, please answer the questions on behalf of the organisation that you are representing. When answering on behalf of an organisation, such as a parish council or a charity, please take care to ensure only one response is provided.

The survey is divided into sections and if you feel a section is not relevant to you/your organisation, you can move to the next section.

Whilst you are not required to answer every question, please answer as many as you can to enable us to gather a wide range of input. This will help our understanding of key issues to be as broad as possible.

If you have any questions about completing this form, or if you require a printed version, you can email rowip2026@cambridgeshire.gov.uk

The deadline for completing the survey is Sunday 11th October 2026.

Data protection notice

You do not have to give us any personal information. We will not publish any personal details you do give us, but may publish your response, and include it in public reports, with personal details removed. Personal data will be held securely, in accordance with data protection legislation. We will only store it for 12 months after the results have been analysed and the report is published.

We may share your responses with our consultants, AtkinsRéalis, our partners in this work. Personal information such as your name or email address will not be shared.

For more information on how we collect and protect your data, please visit: [Privacy statement | Cambridgeshire County Council](https://www.cambridgeshire.gov.uk/council/data-protection-and-foi/information-and-data-sharing/privacy-statement)

Service

This section asks about the service directly provided by Cambridgeshire County Council for the resolution of public rights of way issues and how information is shared.

13 Please rate the ease with which the public can report problems with public rights of way:

Please select only one item

- ☐ Very easy
☐ Easy
☐ Fair
☐ Poor
☐ Very poor
☐ Don't know / Have not tried to report a problem

14 On average, how would you rate the resolution of public rights of way problems that you have reported to CCC?

[illegible]

15 How useful is the public rights of way information on the Cambridgeshire County Council website?

[Cambridgeshire County Council website front page](http://www.cambridgeshire.gov.uk/) <http://www.cambridgeshire.gov.uk/>

Please select only one item

- ☐ Very good
- ☐ Good
- ☐ Fair
- ☐ Poor
- ☐ Very poor
- ☐ Don't know / Have not tried to access information

16 If you answered fair, poor or very poor, can you please explain why.

Accessibility

Please consider the experiences of different users, including disabled people, older people, families with young children, people using wheelchairs, mobility scooters or pushchairs, people with sensory impairments, and those who may face other barriers to accessing the countryside.

17 What issues do you or your organisation's users experience with the accessibility, current condition, or maintenance of rights of way?

18 What should be the priorities for improving access to rights of way for everyone?

Please consider both physical improvements (such as surfaces, gates, steps, ramps and signage) and wider accessibility, including information, wayfinding, safety and inclusive design.

- 19** Have you or your organisation any information or suggestions that can help the Council to understand the need to provide better opportunities for those who face challenges to access the countryside.

This could include barriers experienced by disabled people (including those with visual impairments), older people, families with young children, or others who may face challenges accessing the countryside.

Development and Public Rights of Way

Cambridgeshire is experiencing widespread development which affects public rights of way and public access land. These questions are to understand views on the impacts of these.

- 20** In what ways do you consider the impacts of development have led to negative outcomes for the public rights of way network?

- 21** In what ways do you consider the impacts of development have led to positive outcomes the public rights of way network?

- 22** What do you consider Cambridgeshire County Council could do reduce the harms, or maximise the benefits, for public rights of way that may arise as a result of development?

Environment and Wellbeing

Public rights of way and access to land can provide both challenges and positive benefits for wellbeing and environmental biodiversity. These questions are to understand organisations' views on this.

23 Please rate the adequacy of access to green spaces and the natural environment in Cambridgeshire.

Please select only one item

- ☐ Very good
- ☐ Good
- ☐ Fair
- ☐ Poor
- ☐ Very poor
- ☐ Don't know

24 How could maintenance practices on public rights of way (e.g. mowing regimes, vegetation clearance etc.) be improved to support biodiversity?

25 Do you have any ideas on how wildlife habitats could be enhanced along public rights of way corridors?

Path Status and Surface

Path status designates which classes of users can use specific public rights of way.

Path surfaces can be natural, semi-sealed or sealed and can have a large impact on the usage and enjoyment of using public rights of way.

Surface type examples:

Natural (e.g. grass)

Semi-Sealed (e.g. hoggin)

Sealed (e.g. asphalt)

Hoggin

Hoggin is a natural, unprocessed mix of clay, sand and gravel. When compacted, it forms a firm, buff-coloured, and semi-permeable surface.

26 What is your opinion on changing the status of path to allow a wider range of users?

For example, a public footpath for pedestrians being changed in status to a bridleway, which would also allow cyclists and horse riders to use the route.

27 What is your opinion on changing the paths from natural surfaces to either sealed (e.g. asphalt) or semi-sealed surfaces (e.g. hoggin)?

Safety

Safety in this context covers the risk or incidence of accidents, injury or crime.

28 How safe is it to use the public rights of way in Cambridgeshire?

This could include safety risks arising from traffic, other persons, animals or the physical environment.

Please select only one item

- ☐ Very safe
- ☐ Fairly safe
- ☐ Unsafe
- ☐ Very unsafe
- ☐ Don't know / Not applicable

29 If you answered 'Unsafe' or 'Very unsafe' can you tell us why and what could help resolve this? If you answered 'fairly safe', what could be better?

30 Has your organisation or its members been impacted by rural crime in the county (e.g. hare coursing, fly tipping, trespass etc.)?

Please select only one item

- ☐ Yes, it has a large impact
- ☐ Yes, it has some impact
- ☐ Whilst it occurs, the impacts are minor
- ☐ Not directly affected, but aware it is a concern
- ☐ No
- ☐ Don't know

Looking Forward

The next set of questions are to gather input into what steps could be taken to improve public rights of way and countryside access in the coming years.

31 When considering countryside access and public rights of way in Cambridgeshire, what do you think could be done better or differently?

32 What do you think are the THREE most important improvements that would make using/visiting the Cambridgeshire countryside easier and more enjoyable?

Please select 3 options. If you change your mind you can deselect a choice by clicking it a second time, and then reselect.

There will be the opportunity to suggest improvements not listed here, in the following question.

Permissive paths

Permissive paths are those that the landowner grants permission to user categories (e.g. walkers, cyclists, horse riders etc.) that they wish. The permission can be withdrawn at any time, unless the landowner has entered into an agreement with terms attached to its closure.

	Choice 1	Choice 2	Choice 3
Better road crossings Please select only one item	☐	☐	☐
Clear overgrown paths more frequently Please select only one item	☐	☐	☐
Improve access to green spaces from public rights of way Please select only one item	☐	☐	☐
Increase circular routes Please select only one item	☐	☐	☐
Increase network length Please select only one item	☐	☐	☐
Increase the number of permissive paths Please select only one item	☐	☐	☐
Increase the status of existing paths, to allow a wider range of users Please select only one item	☐	☐	☐
More signposting / waymarking Please select only one item	☐	☐	☐
Provide information on accessible routes Please select only one item	☐	☐	☐
Removal of gates and stiles Please select only one item	☐	☐	☐

33 Is there anything else you would like to add which you think would benefit or improve people's use and enjoyment of the countryside in Cambridgeshire?

34 What do you think can be done to accommodate the widest range of people who use the public rights of way network?

35 How can your organisation support improvements to public rights of way?

e.g. volunteering, funding, land access, partnerships etc.

36 Are you aware of any national or local policies or initiatives that affect PROW and countryside access - please tell us about them here.

Whilst we are aware of many policies, guidelines and initiatives, we may still have gaps, which is why we are asking.

Landownership

37 Are you or your organisation a landowner or involved in land management?

This could include managing land or sites where people may wish to have access. For example: private estates, farms, tourist sites, nature reserves, watercourses, etc.

(Required)

Please select only one item

- ☐ Yes
- ☐ No

Landownership questions

38 What type of land is managed by your organisation or its members?

For example: managing private estates, farms, tourist sites, nature reserves, watercourses, etc

39 Do you have any of the following on your organisation's land in Cambridgeshire?

Public rights of way include public footpaths, bridleways, restricted byways and byways to which the public have permanent rights of access.

Permissive paths are those that the landowner grants permission to user categories (e.g. walkers, cyclists, horse riders etc.) that they wish. The permission can be withdrawn at any time, unless the landowner has entered into an agreement with terms attached to its closure.

Permissive access land is similar, in that the landowner permits the public to access to part of their land and can with withdraw that access if they wish.

Select all that apply.

Please select all that apply

- ☐ Public rights of way
- ☐ Public open spaces (e.g. village greens, common land, public parks etc.)
- ☐ Permissive paths
- ☐ Permissive land access
- ☐ None of the above / Don't know

40 Would your organisation be willing to consider having permissive paths across its land?

Please select only one item

- ☐ Yes
- ☐ Yes, if the right incentives were available
- ☐ Not sure, I would need more information
- ☐ No
- ☐ Not applicable

41 Where public rights of way or other types of access currently impact land management practices, what improvements could better balance public access with your operations?

This could include measures such as preventing trespass or crime, or supporting stock management etc.
